

This policy applies to checking accounts. Deposits to other accounts may be subject to longer holds in our sole discretion. Deposits made through mobile banking are not subject to this policy and may be subject to longer holds in our discretion.

1. General Policy

Our policy is to make the first \$225 of your deposit (or the first \$5,525 of funds from government and other specified checks as described below) available on the day we receive your deposit. The remaining funds from your check deposits will become available to you on the first business day after the day we receive your deposit. Funds from cash or electronic deposits may be available immediately.

Funds from deposits made at automated teller machines ("ATMs") we do not own or operate will not be available until the fifth (5th) business day after the business day of your deposit. ATMs that we own or operate are identifiable by our name displayed on the ATM. Once they are available, you can withdraw the funds in cash and we will use the funds to pay checks that you have written.

For determining the availability of your deposits, every day is a business day, except Saturdays, Sundays, and federal holidays. If you make a deposit before 6:00 pm Central Time at any credit union branch on a business day that we are open, we will consider that day to be the day of your deposit. However, if you make a deposit after 6:00 pm Central Time or on a non-business day, we will consider that the deposit was made on the next business day we are open.

2. Government and Other Specified Checks

Funds from the first \$5,525 of a business day's total deposits of U.S. Treasury checks, U.S. Postal Service money orders, checks drawn on Federal Reserve Banks or Federal Home Loan Banks, checks drawn on state or local governments, cashier's checks, certified checks and teller's checks, will be available on the day we receive the deposit if the deposit meets certain criteria (for example, the check must be payable to you). The excess over \$5,525 may be available on the first business day after the day of your deposit.

3. Reservation of Right to Hold

In some cases, we will not make all of the funds that you deposit by check available to you on the first business day after the day of your deposit. In such cases, funds will not be available until the second (2nd) business day after the day of your deposit. However, the first \$225 of your deposit will be available on the first (1st) business day after the day of your deposit.

If we are not going to make all of the funds from your deposit available on the first business day of your deposit, we will notify you at the time you make your deposit. We will also tell you when the funds will be available. If your deposit is not made directly to one of our employees, or if we decide to take this action after you have left the premises, we will mail you the notice by the business day after we receive your deposit. If you will need the funds from a deposit right away, you should ask us when the funds will be available.

4. Holds on Other Funds

If we cash a check for you that is drawn on another financial institution, we may withhold the availability of a corresponding amount of funds that are already in your account. Those funds will be available at the time funds from the check we cashed would have been available if you had deposited it. If we accept for deposit a check that is drawn on another financial institution, we may make funds from the deposit available for withdrawal immediately but delay your availability to withdraw a corresponding amount of funds that you have on deposit in another account with us. The funds in the other account would then not be available for withdrawal until the time periods that are described elsewhere in this disclosure for the type of check that you deposited.

5. Longer Delays May Apply

We may delay your ability to withdraw funds deposited by check into your account an additional number of days under certain circumstances. Federal law provides for exceptions to the federal funds availability schedules when:

- We believe a check you deposit will not be paid.
- You deposit checks totaling more than \$5,525 on any one day.
- You deposit a check that has been returned unpaid.
- You have overdrawn your account repeatedly in the last six (6) months.
- There is an emergency, such as failure of communications or computer equipment.

We will notify you if we delay your ability to withdraw your funds for any of these reasons, and we will tell you when the funds will be available. They will generally be available no later than the seventh (7th) business day after the business day of your deposit.

6. Cash Withdrawal Limitation.

When funds are subject to a hold beyond the first business day after your deposit, we place certain limitations on withdrawals in cash. A total of \$450 of funds subject to a hold that are becoming available on a particular day will become available for withdrawal in cash at or after 5:00 p.m. on that day. Any remaining funds will be available for withdrawal in cash on the following business day.

7. Special Rules for New Accounts

The following rules may apply during the first thirty (30) days your account is open:

- a. Funds from cash, wire transfers, and electronic direct deposits may be available on the business day we receive the deposit.
- b. Funds from the first \$5,525 of a business day's total deposits of Treasury checks, U.S. Postal Service money orders, checks on the Federal Reserve Banks or Federal Home Loan Banks, state and local checks, cashier's checks, certified checks and teller's checks, will be available on the business day following the business day of the deposit if the deposit meets certain criteria (for example, the check must be payable to you). The excess over \$5,525 may not be available until the ninth (9th) business day after the business day of your deposit.
- c. Funds from all other check deposits may not be available until the ninth (9th) business day after the day of your deposit.

8. Foreign Checks

Checks drawn on financial institutions located outside the United States are not subject to these policies. Such checks must be specifically identified and processed. Generally, availability of funds from foreign check deposits will be delayed until we have collected the funds from the institutions on which they are drawn.
